TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured."

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

importance as communities and the significance of their views upon measures and men would have been vastly enhanced."

He said that although much of the wealth of the country is dependent upon a protective tariff, its representative in a national convention vote unhesitatingly for the provision that a protective tariff is a robbery of the many for the benefit of the few; that although a great majority of the Southern people are in favor of maintaining the flag in the Philippines, until the trust imposed by circumstances shall have been highly and fully discharged they "nevertheless permit the democratic party to chase after northern votes, to formulate the false cry of 'anti-imperialism,' in which they have no sympathy whatever, by which they were twice led to humiliating national defeat."

The secretary was warmly applauded throughout his speech. Taft left Greenboro tonight for the north en route to Put In Bay, Ohio, where he delivers an address on July 11th, before the Popular Association.

FINE CROPS AT CALDWELL.

Southern Idaho Producing Good Yield of Hay and Fair Fruit Crop.

CALDWELL, Idaho, July 9.—The crops in this section of Idaho are looking fine, and the second cutting of hay is now being put up. The fruit throughout Southern Idaho is scarce, but very fine, what there is of it. Peaches are scarce and apples about two-thirds of a crop. The late, cold fall affected most small fruit, but small grass and grain have experienced the best season for 20 years and many dry land homesteaders have raised excellent crops without water.

MAY GO TO JURY.

SEATTLE, July 9.—By tomorrow night the case of George Mitchell charged with the murder of Holy Roller Creffield, will probably go to the jury. Practically all the evidence has been submitted and the arguments will begin before Judge Frater tomorrow morning, unless the state should introduce a few witnesses in rebuttal. The evidence today was a continuation of the testimony of the insanity expert, regarding the soundness of Mitchell's mind.

NEW DYNAMO REQUIRED.

FOREST GROVE, July 9.—A new dynamo will have to be installed before the service of the electric cars from the depot to the business center of town will be satisfactory. It will require a few days' time to get this additional machinery in operation.

MOUNTAIN RESORTS ARE CLAIMING WEARY ONES

ALBANY, Ore., July 9.—The annual rush to seaside and mountain resorts is now on in this part of the state. The number of people who annually seek an extended vacation is larger than ever before. Mountain resorts seem to be more popular this year than those of the coast. The number of people who are leaving for Cascade and the other resorts up the South Santiam and McKenzie Rivers is very noticeable.

MAKES GOOD RUN.

NEHALEM, Ore., July 9.—The cheese factory here is making a good run this summer, but as there are no boats coming here the product has to be hauled by wagon 16 miles to Garibaldi for shipment.

Small birds have practically cleaned up the berry crop this year. Scarcity of wild berries is supposed to be the cause.

ASPARAGUS FLOODED.

Three Thousand Acres Are Under Water Because of Break in Levee.

STOCKTON, Cal., July 9.—Three thousand acres of asparagus went under this morning on the Levi Tract, the water pouring in from a forty-foot break in the levee. The Levi Tract is on Roberts' Island and the flood endangers the whole island. The effect of the break at this point is to relieve the pressure at other points.

CALDWELL GETS IDAHO EXPERIMENTAL FARM

CALDWELL, Idaho, July 9.—The Government experimental farm that was to be located in Southern Idaho by the University of Idaho has been located at Caldwell by I. F. Roach, D. D., president of the University, in whose hands the matter was left. Many Southern Idaho towns have been competing for the prize, offering sites and inducements, but owing to the fine location offered by this city the farm will be located here.

A number of fine buildings will be erected at once, and some experiments will be made with dry land farming. The thoroughbred stock and poultry will be transferred here from the State University, and forestry will also be experimented in. The site given by the Commercial Club of this place is the northwest quarter of section 9 and the southwest quarter of section 10, located three miles south of the city on the Caldwell interurban.

SHORT VACATION FOR JUDGES AT OLYMPIA

OLYMPIA, Wash., July 9.—The State Supreme Court will hear three appeals this afternoon, which will conclude the May term, when vacation will be had until October. But vacation does not mean that the members of the court will be idle. On the contrary, the Judges will be very fortunate if they are able to secure three weeks, real rest in the more than 10 cases before the court, and probably ten of these have been decided.

HOPS AND HAY ARE GOOD.

Hot Weather Does No Damage to Crops in Vicinity of Carlton.

CARLTON, Ore., July 9.—The hottest weather of the season has prevailed here for the past week, the thermometer registering 106 in the shade on last Tuesday. The farmers are all well pleased, as it is ideal haying weather. The hay crop is very heavy and requires a great deal of hot weather in order to cure properly. Grain is ripening rapidly, and some of the early fall sown grain will be ready to cut the first week.

The cold, damp weather of a week ago was bad on the hopmen, as a few lice had begun to appear, but the hot spell has killed all these off. The yield of hops will be the largest in years. The price offered for primes is 10 cents, but there has been one contract made for 10 1/2 cents for 10,000 pounds of choice. There are but few contracts being made, as the growers are holding back, expecting the price to go higher.

CASTRO AGAIN PRESIDENT.

NEW YORK, July 9.—A cable dispatch to a morning paper from Caracas, Venezuela says:

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous For Astoria People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy Doan's Kidney Pills, which has cured people right here in Astoria. J. Pedersen, longshoreman, living at 613 Commercial street, Astoria, Oregon, says: "For 20 years I was afflicted in one way or another with kidney trouble, suffered a great deal of pain in the small of the back and was continually tired and nervous. I had occasional headaches and also a blurring of the eyesight. Every time I took cold it settled in the kidneys and added to my troubles, the secretions at such times being irregular and containing sediment. My rest was much disturbed at night on this account. I began taking Doan's Kidney Pills, procured at Charles Rogers' drug store, and found unexpected relief, for which I am very thankful."
